Phil:

FYI.... good news. I'll be talking with Steve on Thursday.

Steve:

I found your comments on the internal review draft of the Bristol Bay assessment to be very helpful. During our peer review meeting earlier this month, several comments were made about our mining scenario and the implied mitigation practices used in that scenario. I think it would be valuable to pull you into our discussions as we move forward with finalizing the assessment.

Is there sometime this week that we could talk about your interest and availability to help us out?

Jeff
